Tasting notes

The 2010 retains its personality with intense aromas of sweet cherry and wild strawberries mingled with refined spicy notes. Succulent and rich on the palate, it has a core of ripe red fruits with darker blackberry characters in the background which balance the lovely bright acidity and smooth, integrated tannins. Notes of sweet herbs and some subtle toasty oak on the finish add complexity. The over-all impression is of a beautifully integrated and captivating wine with magnificent depth. While very appealing now, it will mature well for twenty years or more.
