Château Maris , South of France, France

Product details

Vintage:	2010	Drinking:	2017
Producer:	Château Maris	Alcohol:	
Region:	South of France	Variety:	Syrah
Country:	France		

Tasting notes

The Syrah La Touge is a very appealing and vibrant wine with great definition and length. It shows lovely purity of rich fruit on both the nose and palate with a delicious peppery note and a touch of liquorice. A refined mineral character adds complexity on the long finish.

About the producer

Château Maris has been named “one of the five most environmentally-friendly wineries in the world” by WineSpectator and a “Sustainability hero” by Jancis Robinson MW. It was the first European vineyard to receive the B Corporation certification, a label recognized by the UN and European Commission – a certification held by just 27 wineries worldwide today. Maris boasts a world-first carbon-negative winery constructed from hemp bricks, while the vineyards are hand-harvested and tilled by a horse-drawn plough. Sales of their wine support local wildlife and biodiversity initiatives such as L’Aspas and La Masion de L’Abeille, and they even made headlines for shipping wine to the USA by sailboat!
