### Tasting notes

---

A textbook Puligny nose of fresh flowers, with a Crunchy, bright fruit on the top notes but also a riper, peachy element too underneath. Vibrant and energetic on the palate, the wine moves around with ease and is already offering considerable pleasure. Drink from release.

### About the producer

---

One of the producers that expresses more than others the spirit of Chassagne Montrachet. With pure, elegant wines that are always approachable in youth but have an incredible capacity of ageing and developing in the cellar for decades. Jean-Marc and Claudine Blain consistently produce some exemplary wines at village level and release some of the most sought-after Grand Crus from their tiny holdings of Caillerets.
