<b>Producer:</b>	Donelan	<b>Alcohol:</b>	
<b>Region:</b>	Knights Valley	<b>Variety:</b>	
<b>Country:</b>	California Wine		

#### Tasting notes

---

From a unique 30 year old vineyard in Knight's Valley, where the soil is free draining and full of black volcanic glass, the Obsidian vineyard is testament to the capacity of vines to survive in the harshest environments ? in the words of Donelan, "Obsidian seems to want for water even amid rainstorms?". Tiny berries give great concentration, and again only 35% new oak is used. These wines are some of the most distinctive, thrilling Syrah produced anywhere.
