### Tasting notes

---

Restrained, taut, concentrated yet alluring, the nose reels you in with its compelling mineral depths, dark fruit and subtle perfume of potpourri. The palate radiates energy and precision in the fine, firm tannic lines, the fresh acidity and the focused fruit. This is a wine that will really come into its own in time. Drink from 2022.

### About the producer

---

In 1995 Jean-Marie Fourrier took over the winemaking from his father Jean-Claude, who had been making the wines since 1967, at first in partnership with his uncle, from whom many of the vines were inherited. Jean-Marie has a broader perspective than many of his fellow winemakers, as he spent time making Pinot Noir in Oregon, as well as training in France. Today, Domaine Fourrier is achieving critical acclaim but Jean-Marie is still young and ambitious to achieve even more. His star may be firmly in the ascendant but his feet are firmly rooted in the vineyards of Gevrey.
