Tasting notes

A medium bodied, aromatic wine with a bouquet of sweet cherries and raspberries on the nose with bright forest fruit flavours on the palate. Smooth textures and a spicy note on the finish add complexity and depth. Drink this delicious wine over the next few years. Drink from release.

About the producer

A collaboration between two former Bodega Catena Zapata employees - American Jeff Mausbach and locally born viticultural expert Alejandro Sejanovich - TintoNegro is primarily a master of Malbec, grown in some of the best parcels of high-altitude vineyards in Mendoza, Argentina. Although the duo own two vineyards themselves, their handcrafted wines are produced at different wineries, chosen to suit the best expression of terroir and their hand-crafted approach to winemaking.
