Château Maris , South of France, France

Product details

Vintage:	2012	Drinking:	2017
Producer:	Château Maris	Alcohol:	
Region:	South of France	Variety:	
Country:	France		

Tasting notes

This is a superb wine which jumps out of the glass with vibrant aromas of violets, plums and fresh blueberries. Crushed redcurrant and blueberry fruit characters on the palate are carried through on a wave of velvety elegance towards a soft spiciness of sprinkled white pepper on the finish. This wine has plenty of substance, combined with finesse which makes it wonderful for quaffing. Enjoy!

About the producer

Château Maris has been named “one of the five most environmentally-friendly wineries in the world” by WineSpectator and a “Sustainability hero” by Jancis Robinson MW. It was the first European vineyard to receive the B Corporation certification, a label recognized by the UN and European Commission – a certification held by just 27 wineries worldwide today. Maris boasts a world-first carbon-negative winery constructed from hemp bricks, while the vineyards are hand-harvested and tilled by a horse-drawn plough. Sales of their wine support local wildlife and biodiversity initiatives such as L’Aspas and La Masion de L’Abeille, and they even made headlines for shipping wine to the USA by sailboat!
