Tasting notes

A refreshing, aromatic wine with notes of wild flowers and lime fruit on the nose. Zesty citrus fruit flavours on the palate mingle with hints of white pepper and sweet wild herbs. This wine is perfect chilled as an apéritif or with spicy, exotic foods.

About the producer

A collaboration between two former Bodega Catena Zapata employees - American Jeff Mausbach and locally born viticultural expert Alejandro Sejanovich - TintoNegro is primarily a master of Malbec, grown in some of the best parcels of high-altitude vineyards in Mendoza, Argentina. Although the duo own two vineyards themselves, their handcrafted wines are produced at different wineries, chosen to suit the best expression of terroir and their hand-crafted approach to winemaking.
