<b>Country:</b>	Argentina		

#### About the producer

A collaboration between two former Bodega Catena Zapata employees - American Jeff Mausbach and locally born viticultural expert Alejandro Sejanovich - TintoNegro is primarily a master of Malbec, grown in some of the best parcels of high-altitude vineyards in Mendoza, Argentina. Although the duo own two vineyards themselves, their handcrafted wines are produced at different wineries, chosen to suit the best expression of terroir and their hand-crafted approach to winemaking.
