Country:	France		

Tasting notes

"One of the best wines ever produced at this address, the 2022 Grand Village reveals a dense, bright and complex bouquet of cassis, mulberries, flowers and sweet berries, followed by a medium to full-bodied, fleshy and round palate with a seamless texture framed by velvety tannins, concluding with a penetrating, ethereal finish. This blend of blend of 80% Merlot and 20% Cabernet Franc benefits from the sort of careful winemaking usually reserved for cru classé wines."

About the producer

Le Grand Village is the original Bordeaux home of the Guinaudeau family, better known as the producers of Château Lafleur in Pomerol. The same team and equal level of detailed attention are dedicated to winemaking in this château in Fronsac on the Right Bank. This results in a red (Merlot/Cabernet Franc) and a white (Sauvignon Blanc/Sémillon) wine which far outstrip their nominal Bordeaux Supérieur status, creating some of the most exciting releases in the appellation. If you want a glimpse of Guinaudeau's savoir-faire, then Grand Village is an unmissable addition to any cellar.
