### Tasting notes

Pale pink in colour with citrus and raspberry aromas, leading to a delicate palate with a fine mousse and flavours of red fruits, grapefruit and blackberries. A very crisp and refreshing Rosé champagne.

### About the producer

In 1955, a group of wine growers from the village of Mardeuil joined forces to set up a champagne house, which was named Beaumont des Crayères after one of the finest hillsides in the village. Three quarters of their 86 hectare estate is located on the hillsides of Épernay with soils rich in chalk. Mardeuil is widely recognised as one of the best regions for cultivating Pinot Meunier with a share of 60% of their vineyards given over to this variety. The remaining 40% is divided with 25% Chardonnay and 15% Pinot Noir plantings.
